WORLD'S BEST TEMPURA!

Crispier and richer in flavor than any you are likely to find in Japan. If after two bites you don't agree, we'll finish it for you!

** FOUR JUMBO PRAWNS

The Japanese frankly have better raw material, but our prawns are huge, our batter is uber-crispy, and - the kicker - we don't immediately destroy the dish by soaking it in a soupy bath. Instead we offer a pair of spritzes that allow you to flavor the tempura as intensely as you like, while preserving the crispy coating. A Plantation Bay Delicious Dozen Must-Try. 1480

THE REAL ADOBO

Adobo is about all five tastes harmonizing, not competing. And about salt, fat, acid, heat, and one more dimension a recent cookbook writer didn't think of - sweet. Plus patient slow cooking. And just a hint of fermentation. You haven't tasted Filipino cuisine until you've tasted our The Real Adobo. A Plantation Bay Delicious Dozen Must-Try. Single-person meal *550, Sharing size (2.5 times larger) **1200.

NOODLES AND RICE

FIJI FRIED RICE

With salted dried fish, egg, and vegetables. 280

YANG CHOW FRIED RICE

An Anglicized mis-rendering of Yangzhou (region) Chow Fan, and it didn't even really come from there. We haven't found any other restaurant in the Philippines that understands how this is actually supposed to taste, but the correct taste was popularized in Hong Kong, and is unmistakable. 280

JAPANESE FRIED RICE

Rich, meaty, and frankly on the oily side, but delicious. 280

French Bretons invented the Crepe (they claim), but we took it to a new level with mangoes, vanilla sabayon, butter, rum, chocolate dust, sugar sprinkles, and a little something extra.

LEMON CHEESECAKE

78 kcal, and 5 g net carbs. 380
(Low-Calorie)

HOME-MADE ICE CREAM

Vanilla, mango, jackfruit, peanut butter chocolate, strawberry, ube, coffee chocolate chip. 300. Extra Large, 380

CHILLED LYCHEES 380

FRUITY FIBROUS FINISH

A light personal meal-ender. Ask for the Chef's Combination or a single type of fruit. Generally, these would include mango, watermelon, Fuji apple, native banana, dwarf sweet pineapple, pomelo, papaya, and guava (but not all of them on any given day). Medjool dates (about 4), California prunes (about 6), and Filipino fruit salad always available. 260

DAIRY-FREE, ALLULOSE-SWEETENED, LOW-CARB, AND LOW-CALORIE

380

Made with coconut milk and sweetened with the most natural of alternative sweeteners, an Allulose-Monkfruit mix. Together, this reduces the calorie count by about 250 calories per generous ball of 170 grams and qualifies these absolutely delicious ice creams as Vegetarian, Keto, Paleo, Very-Low-Carb, and Diet.

VANILLA

350 calories. Plain Vanilla never tasted this good.

PANDAN

310 calories. An exotic, mildly coconut-y taste.

BANANA

370 calories. Rich, unctuous banana flavor, unlike most other banana ice creams which are icy and too hard.

CHOCOLATE PEANUT BUTTER (Fully Vegan, no egg yolk)

530 calories. Higher-calorie than we'd like, but tastes better than the conventional dairy-sugar Ben & Jerry's.
